To: Justin Hamm | Atlas Restoration & Construction <justin@atlasmn.com>

All-

The current limited availability on most all Building products is directly related to the Corona Virus Pandemic. All manufactures have been reduced in production capacity in some form or another. In no way should this reflect the ability of Atlas Restoration and Construction to fulfill the commitment to provide World Class service to their customers. On behalf of everyone we apologize for the inconvenience this is causing.

Respectfully,

Ryan Zell
