

Please be advised that your garage apron is scheduled to be replaced on 5/11, 5/12, or 5/13 "Weather Permitting" with work beginning at 7:00 am. The work is expected to take 3 days to complete. Please refer to phasing map for when yours is scheduled for replacement.

**Your assistance is required to successfully complete the work.**

- Please pull your garage door release cord or leave your garage door open for all working days. We will close the door when we're finished.
- Please have your vehicle out of your garage and DO NOT park in your driveway on the work days.
- Please DO NOT drive over the concrete for at least 5 days. Light foot traffic is allowed after 24 hours.
- Please do not park or store anything on the concrete for at least 14 days.

10340 Viking Drive. Suite 105

**How to prepare for a Asphalt/concrete project and what to expect**

1. KEEP CHILDREN AND PETS AWAY FROM WORK AREA. DANGER KEEP OUT!
2. Be prepared for the noise. Crews generally start early in the morning. There will be constant noise and vibrations during the construction process.
3. Large trucks and heavy machinery will be used to complete the project. This will impact your ability to move in, out and around your community.
4. Daily cleanup of the job site will be completed. Every effort is made to keep the community safe and clean during the project but it is a construction zone.
5. Communication and responsiveness is a top priority. Please feel free to contact us with any questions or concerns you may have. Our mission is to provide high quality work with as little impact on your community as possible.

**Thank you in advance for your patience and understanding.**
