

Window Replacement Notice

Please be advised that window replacement community-wide window replacement project is scheduled to begin on **Monday, July 15th** at 7:00 am and will continue until the job is completed. We expect the window portion of the project to take approximately 15 working days to complete.

To level, square, and fasten the new windows, one of the installers will need to enter the home after the old window is removed. Once the window is installed, the installer will leave through the door and lock it behind them. **You do not need to be home for this but ask that you unlock your windows and keep any pets caged or away while your home is being worked on.**

Please see the following page for what to expect during the project:

10340 Viking Drive Ste 105 Eden Prairie, MN 55344

Main: [612-254-7373](tel:612-254-7373)

Email: Info@Atlasmn.com

How to prepare for window installation and what to expect

- 1. Please unlock your windows each morning so the installers can open them from the outside. They can be locked each night until the replacement is completed.**
- 2. Please move all furniture and personal items as far from the exterior wall where the work is to be completed as possible. Ideally, we would like 5 feet of clearance to set up our containment area.**
- 3. KEEP CHILDREN AND PETS AWAY FROM WORK AREA. DANGER KEEP OUT!**
- 4. Be prepared for the noise. Crews generally start early in the morning. There will be constant hammering during the construction process.**
- 5. Remove all loose items from wall shelves and walls. Hammering creates vibrations that may cause items to shift, move and fall.**
- 6. The use of power tools may be needed to complete the approved work. Access to an outlet may be needed. **Please notify us if you have any concerns about this.****
- 7. Daily cleanup of the job site will be completed but the poly containment area will be left in place until all of the work is completed.**
- 8. Communication and responsiveness is a top priority. Please feel free to contact us with any questions or concerns you may have. Our mission is to provide high-quality work with as little impact on your community as possible.**

Thank you in advance for your patience and understanding.
